LIVE IN JAPAN

"ECHOES OF THE EAST - LIVE IN JAPAN (2022)" CAPTURES THE INTENSITY OF A JAZZ-ELECTRONIC DUO, BLENDING PIANO AND VOICE, RECORDED DURING A TOUR BRIDGING ITALY AND JAPAN. IMPROVISATION MERGES WITH ETHEREAL SOUNDS, FUSING TRADITION AND EXPERIMENTATION. AN INTIMATE AND VIBRANT JOURNEY, SUSPENDED BETWEEN ACOUSTIC AND ELECTRONIC LANDSCAPES.

Serena Zaniboni, born in Bologna in 1984, is a multifaceted artist who blends music, art and writing in immersive performances that question the concept of existence. She began her career in 2008 as a painter and body digital painter, and at the same time began her career as a singer and performer. In 2018 she created the project "ZE HOP", a concept that encompasses her artistic universe. In 2023 she presented "NEXUS", a performance that uses new multimedia technologies, investigating the relationship between man and machine, in collaboration with the creative studio WOA. In the same year, in November, she inaugurated her solo exhibition "ARTIFICIAL SOUL" at "ART & CO GALLERY", and subsequently at LEGALLERY. She is organizing her next exhibitions in Italy and abroad. She has performed at prestigious festivals, such as the Montreux Jazz Festival in 2019, and brought her project ZE HOP to Japan in 2022, on a tour that saw her perform in Tokyo, Kyoto and Kobe. She is currently involved in various projects, including TEDx Women 2024, in which she performed in 2024, a new album and an upcoming international tour.

Graduated with honors in Professional Education at the Faculty of Medicine, she studied Comix Illustration and Jazz Singing. She teaches art and music, integrating music therapy and art therapy.
